

Sean Kirby Alipao

Junior Web Developer | 09937742155 | seankirbyalipao23@gmail.com | Cabuyao, Laguna

GitHub: github.com/seankirby | LinkedIn: linkedin.com/in/seankirby

PROFESSIONAL SUMMARY

A graduating student of Bachelor of Science in Computer Science with hands-on experience in PHP, MySQL, HTML, Tailwind and JavaScript through academic and personal projects. Experienced in building CRUD systems, database-driven applications, and enhancing existing business systems. Fast learner with strong problem-solving skills and good teamwork experience.

TECHNICAL SKILLS

Programming: PHP, JavaScript, jQuery

Database: MySQL, Supabase, Clickhouse, MongoDB

Web Technologies: HTML5, CSS3, Bootstrap, Tailwind, React.js, MERN stack (basic)

Tools: Git, GitHub, VS Code, Postman, Visual Studio, Unity

Concepts: CRUD Operations, AJAX (basic), Business Analytics

PROJECTS

Franchise Analytics Monitoring System

- Enhanced an existing web system by proposing and developing a new module to improve usability.
- Implemented business calculations using sales, expenses, and COGS data.
- Integrated ClickHouse database from the parent company and retrieved only required data for system formulas.
- Worked with real company data and real-world requirements.

Indoor AR Navigation System (Thesis)

- Developed an indoor AR-based navigation system for school use.
- Learned AR development from scratch and implementing navigation logic.
- Focused on practical and beginner-friendly implementation.

INTERNSHIP / OJT EXPERIENCE

Web Developer Intern – LYB Solutions, Sta. Rosa Laguna (Jan 2026 – Present)

- Assisted in maintaining internal web systems and databases.
- Debugged and test basic PHP and JavaScript issues.
- Created a system for real-world problem solution in the existing system.
- Understand the business structure with real data.

EDUCATION

Bachelor of Science in Computer Science

STI College – Calamba | 2022 – 2026

CAREER OBJECTIVE

To secure a Junior Web Developer or Software Developer role where I can apply my skills, continue learning, and contribute to the company's system development.
